Excellence in Information Science and Technology Award

DESCRIPTION

The annual Excellence in Information Science and Technology (IS&T) award is presented to a Goddard employee who best exhibits broad and significant contributions to Goddard programs or projects in the areas of Information Science and Information Technology. This award may be for career achievement or for a specific recent contribution to the field of IS&T. This award will be presented during the IS&T Award Colloquium presentation to be held May 22, 2013. Also see: http://istcolloq.gsfc.nasa.gov/calendar.html

CRITERIA

All Goddard employees are invited to submit nominations, and there is no limit to the number of nominations that may be submitted. The text of the nomination should clearly describe the nominee's accomplishment(s) and its significance in the areas of innovation, impact, and relevance to IS&T. Supplemental material may be included and will be considered.

ELIGIBILITY

All current Goddard civil servants are eligible to receive this award.

NOMINATIONS DUE

March 1, 2013

Link to nomination form: http://ohcm.gsfc.nasa.gov/Forms/Ohr/IS&TNomination.doc.
Submit by email to your organization's awards point of contact.

Nominations should be accompanied by supporting documentation you deem to be relevant. Supporting documentation may be submitted via hard copy to the Awards Office, Code 115, Building 1, Room 139. There is a possibility that the nominator will be contacted by a committee member for additional information.

CEREMONY DATE: MAY 22, 2013
